Wild Card Oct 2023

Clemson University / CUHackit

Private Pilot Certificate Sep 2022

FAA

Summary

I am a senior majoring in Computer Science, double minoring in Math and Physics, and a member of the Honors College. I have worked as a TA in the School of Computing for over two years and hold a pilot's license with 80+ hours of flight time. In my academic career, I used C to create a custom memory allocator and threading library, configured and consistently used a Linux-based OS for all my coursework, and used the JDBC API to connect a Java app to an SQL database. Professionally, I have been interning at Amwins as a QA engineer for the past year, where I have leveraged my skills in JavaScript and no-code automation to ensure the correctness of new application features and the stability of existing functionality.

Education

Clemson University

Bachelor's • 4.0 GPA

Computer Science

Aug 2023 - Dec 2026

I am on track to graduate Summa Cum Laude with a General Honors Distinction and a double minor in Mathematics and Physics.

Experience

Clemson University

Clemson, SC

Teacher's Assistant

Aug 2024 - Present

Work with other TAs to lead weekly lab sessions and assist the professor with grading. Answer student questions and host weekly office hours.

Amwins

Charlotte, NC

Intern / QA Engineer

May 2025 - Present

Created automated workflows for testing applications in DEV, IST, and UAT environments. Utilized the ACCELQ software to create actions, contexts, and scenarios to efficiently and effectively test applications.

Mathnasium

Fort Mill, SC

Math Tutor / Instructor

Apr 2021 - Jan 2023

Troop 250 - Scouts BSA

Fort Mill, SC

Senior Patrol Leader (SPL)

2019 - 2020
